

Matter arising from Minutes of Advisory Committee Meeting for the 4th DDF – at ILRI, Dar es Salaam, 23 June 2014

| Issues   | Implementation  | Remarks   |
|--|---|---|
| 1. Available reports a for both meetings be circulated to all DDF participants   | Reports were circulated to all participants of DDF and Dairy Genetics meetings  |   |
| 2. Advisory Committee Meeting observed that there are task forces formed during the Dairy Genetics meeting and task forces formed during the third DDF meeting and are confusing and agreed to resolve this confusion by merging them. Inform all DDF members on the changes,      | Two set of task forces were merged into six Task forces namely:<br>1. Heifer/bull/semen production<br>2. AI field delivery<br>3. Recording registration system<br>4. Farmer organizations<br>5. Dairy Genetics Policy/ regulations<br>6. Platform development and leadership<br>Find the new TF groups and their members attached | Two task forces were left out<br>1. Business solutions for year round availability of quality feeds” is a Working Group to be formed on Day 2 of the next DDF<br>2. Dairy Sector Facilitation merged with Platform development TF and therefore issues of dairy facilitation will be dealt with that particular task Force                  |
| 3. Advisory committee also suggested looking on possibility to seek other sources for funding DDF, working groups and task forces. Therefore, Advisory Committee requested Dr. Aichi Kitanyi and Dr. Amos Omoro to work on the concept note that will attract funds to support DDF |   |   |
| 4. Observed that there is a problem on convening meetings of these Task Force groups therefore Advisory Committee suggested TDB secretariat to send letter to the chairperson for each taskforce as a reminder for them to take action   | General Letter was send to all DDF member including chairpersons to call a meeting and discuss on modalities on how to work together and formulate action plan for the assignment based on the TOR. This will shared in the coming DDF as feedback from the Task Force to the DDF.  | It was further suggested that if face to face meeting is not possible to opt to use of skype, email discussion, chat engines, use of mobile phone. However, still more time is needed for the TF to convene and make progress. This meeting to decide in postponing the DDF by a couple of weeks or so as we encourage the groups a little. |
| 5. TDB secretariat tasked to request Dr. Angello Mwilawa to prepare the key paper to guide the second day on feeds resources   | Dr Angello Mwilawa was contacted and agreed to prepare a key paper. In this meeting a key paper presenter Dr. Angello Mwilawa will attend the meeting and share the presentation  | DDF – Proposal for a day on ‘Year-round feeds, forages and feeding for dairy in Tanzania’ will be shared in this meeting by Brigitte Maass and Ben Lukuyu   |

|  |  |  |
|--|--|--|
|  | to the DDF AC members to further gather inputs               |  |
| 6.List of Participants for the second day on feeds resources | Relevant players compiled and will be shared in this meeting |  |
| 7. Booking of venue and invitation                           | Not yet  |  |
| 8. Engaging Facilitators                                     | Not yet  |  |
